

Insurance for your holiday

Please read this - it's important

It is a condition of booking with us that you have adequate insurance to cover both the risk of cancellation from the time of booking until you leave on your holiday, and other risks while you are away.

You will be asked to confirm you are insured for at least the cost of:

- Emergency medical expenses
- Cancellation of your trip
- Repatriation
- Personal liability
- Travel delay

You must also be covered for the activities you might undertake and you will be asked if you are planning any unusual or hazardous activities.

Owing to a change in Government regulation, we are no longer able to recommend an insurance policy. We can, however, introduce you to MPI Brokers who specialise in travel insurance. Also our Reps. will have access to MPI's unique web based insurance guide, which will help us to help you.
